Lube1™ Universal ATF

**ONE
for ALL**

Lube1™ Universal ATF ist ein 100% vollsynthetisches Automatik-Getriebeöl der neuesten Generation. Durch die einzigartige Kombination modernster Schmierstofftechnologien erfüllt es die höchsten Anforderungen, die an moderne Automatik-Getriebeöle gestellt werden (z.B. das wegweisende DEXRON VI) und kann auch für ältere Automatik-Getriebe problemlos eingesetzt werden.

Beschreibung

Lube1™ Universal ATF eignet sich für alle Automatikgetriebe mit Wandler, sowie DSG und Doppelkupplungsgetriebe auf ATF Basis in PKWs und leichten Nutzfahrzeugen. Mit Lube1™ Universal ATF braucht jede Kfz-Werkstätte/Garage nur noch ein Automatik-Getriebeöl und keine teuren Spezialöle mehr. Das vereinfacht den Arbeitsaufwand und senkt die Kosten. Lube1™ eignet sich für Automatik-Getriebe aller Marken.*

* ausser CVT

Anwendung

Je nach Fahrprofil empfehlen wir den Automatik-Getriebeöl-Wechsel mit Lube1™ Universal ATF bereits mit 80'000 – 120'000 km vorzunehmen, um einen langen und einwandfreien Betrieb auch unter erhöhter Belastung zu gewährleisten. Lube1™ kann mit allen Automatik-Getriebeölen gemischt werden. Zur vollen Ausschöpfung des Potentials lohnt sich jedoch ein kompletter Ölaustausch mit dem Ölwechslergerät Flo Dynamics TSD 450 EF mit Reinigungsprogramm.

Mit Lube1™ hat man immer das richtige ATF zur Hand!

Vorteile

- Ersetzt Spezialöle für Automatik-Getriebe sowie DSG- und Doppelkupplungsgetriebe auf ATF Basis
- Verhindert Verwechslungen beim Ölwechsel und Auffüllen
- Beseitigt harte Schaltvorgänge
- Vereinfacht den Einkauf und senkt die Kosten
- Extrem hohe Hitzebeständigkeit
- Erleichtert die Lagerbewirtschaftung
- Senkt die Öltemperatur im Automatik-Getriebe wesentlich
- Verhindert teure Getriebebeschäden wegen Überhitzung
- Verlängert die Lebensdauer des Automatik-Getriebes

Lube1™ Universal ATF

**ONE
for ALL**

Lube1™ Universal ATF is a 100% fully synthetic automatic transmission fluid of the latest generation. With its unique combination of cutting-edge lubricant technologies, it meets and exceeds the highest requirements and specifications for automatic transmission fluids (e.g. the groundbreaking DEXRON® VI) and can also be used for older automatic transmissions.

Specification:

Lube1™ Universal ATF is suitable for all automatic transmissions with converters as well as DSG and dual-clutch transmissions in cars and light-duty commercial vehicles which run on ATF. Car repair shops /garages which buy Lube1™ Universal ATF need not keep any other automatic transmission fluids in stock and need no longer purchase expensive special-purpose oils. This simplifies their work and cuts their costs. Lube1™ is designed for all makes of automatic transmission except CVT.

Application:

Depending on the demands on the automatic transmission fluid-based vehicle, we recommend changing Lube1™ Universal ATF at between 80,000 and 120,000 km in order to guarantee long and trouble-free operation even if the vehicle is subject to heavy duty requirements. Lube1™ can be mixed with all automatic gear oils. In order to get the full benefits of its potential, however, it is worth carrying out a full oil change with the Flo Dynamics TSD 450 EF fluid exchange machine with flush program.

Buy Lube1™ and always have the right ATF ready to hand!

Advantages:

- Replaces special-purpose oils for automatic transmission, DSG and dual-clutch transmissions which run on ATF
- Prevents mix-ups when changing or topping up oil
- Significantly reduces the oil temperature in automatic transmissions
- Simplifies purchasing and cuts costs
- Facilitates stock management
- Softens and modifies harsh shifts
- Extreme heat-resistant
- Prolongs the service life of automatic transmissions
- Prevents expensive transmission damage caused by overheating

Lube1™ Universal CVT

**ONE
for ALL**

Lube1™ Universal CVT Fluid ist 100% vollsynthetisch (PAO). Mit der einzigartigen Additiv-Technologie, eine spezielle Rezeptur, übertrifft es die Performance Levels für moderne hochleistungs-fähige CVT-Getriebe und ist abwärtskompatibel für ältere CVT-Getriebe

Beschreibung

Lube1™ Universal CVT Fluid eignet sich für alle CVT Getriebe mit Schubgliedern und Zugketten, inklusive dem Multitronic Getriebe. Mit Lube1™ Universal CVT Fluid braucht jede Kfz-Werkstätte/Garage nur noch ein CVT Getriebeöl und keine teuren Spezialöle mehr. Das vereinfacht den Arbeitsaufwand und senkt die Kosten.

Anwendung

Je nach Fahrprofil empfehlen wir den CVT-Getriebeöl-Wechsel bei 60'000 km vorzunehmen, um einen langen und einwandfreien Betrieb auch unter erhöhter Belastung zu gewährleisten. Lube1™ kann mit allen Automatik-Getriebeölen gemischt werden.

Vorteile

- Ersetzt OEM Öle für CVT-Getriebe
- Hervorragende Abnutzungsschutz
- Vereinfacht den Einkauf und senkt die Kosten
- Verhindert Verwechslungen beim Ölwechsel und Auffüllen
- Senkt die Öltemperatur im Automatik-Getriebe wesentlich
- Extrem hoher und stabiler Viskositätsindex
- Exzellente Eigenschaften bei tiefer Temperatur
- Verlängert die Lebensdauer des CVT-Getriebes

Mit Lube1™ hat man immer das richtige CVT Getriebeöl zur Hand!

Performance Level

empfohlen für Aggregate die folgende CVT Getriebeöle erfordern:

- Audi TL 521 80 (Multitronic)
- VW G 052 180
- Mercedes Benz (236.20)
- Nissan (NS-I, NS-II)
- Subaru (NS-II, Lineartronic CVTF)
- JATCO CVT DBL 2224.20
- BMW CVT EZL 779 A
- BMW 83 22 0 429 154/136 376
- BMW Mini
- Mitsubishi (NS-II/SP-III/CVT J-1)
- Mazda JWS3320
- Toyota (TC)
- Suzuki (TC/NS-II/CVT Green 1)
- Ford (CVT23/30)
- NSK Belt CVT
- Hyundai/Kia (SP-III)
- Hyundai CVTF
- Dodge/Jeep (NS-II CVTF+4)
- GM/Saturn (DEX-CVT)
- Honda CVTF
- Mopar CVT+4
- ESSO CVT EZL 799
- Motocraft XT-7QCVT
- Fluid CVTF 3320
- Fluid DJ01 CVTF TC

Nicht empfohlen für Hybrid CVT

Lube1™ Universal CVT Fluid

**ONE
for ALL**

Lube1™ Universal CVT Fluid is 100% synthetic (PAO) and with its unique additive technology it is specially formulated for modern high performance CVT transmissions and is also perfectly suitable for older CVT transmissions as well.

Specification:

Lube1™ Universal CVT Fluid is suitable for all CVT Transmissions, **all Steel Belt and Steel Chain Continuously Variable Transmissions, including Multitronic transmissions.** Car repair shops /garages using Lube1™ Universal CVT Fluid don't need to keep any other CVT transmission fluids in stock and don't need to purchase expensive OEM oils. This simplifies the work and cuts the costs.

Application:

We recommend changing the CVT transmission fluid at least every 60,000 km in order to guarantee long and trouble-free operation. Also consult the manufactures' manual for changing intervals and follow its instructions. Lube1™ Universal CVT Fluids can be mixed with all other CVT transmission fluids.

Advantages:

- Replaces OEM oils for CVT transmissions
- Excellent anti-wear protection
- Simplifies purchasing and cuts costs
- Prevents mix-ups between different CVT transmission fluids
- Significantly reduces the oil temperature in CVT transmissions
- Very high, stable viscosity index
- Excellent performance at low temperature
- Prolongs the service life of CVT transmissions

Get Lube1™ and always have the right CVT Transmission Fluid ready to hand!

Parameter	Unit of measure	Data	Test method
